

## Bit Buckets Robotics Recruitment 2017-18

We are reserving 4 full Bit Buckets memberships for City High students until May 13th. If you seek a less intensive project, just sign up for Vex, Pumpkin Toss, or Student Volunteer.

### **SCHOLARSHIPS AVAILABLE FOR CITY HIGH STUDENTS!!!**

#### **Full Bit Buckets Team member, featuring the FIRST Robotics Competition**

What: Meet year-round and learn advanced engineering, programming, precision machining, woodworking and fabrication. Includes building a 140-pound robot during an intensive 45-day build season in January-February, and travelling to out-of-state competitions. Includes Vex and Pumpkin Toss. Price: \$460.

When: Sundays noon – 6pm, August 6 - May 27

Where: Xerocraft Hackerspace, 101 W 6th St

#### **VEX Robotics**

What: Learn engineering design and programming using pre-made Vex robotics parts. Price: \$200.

When: Sundays noon to 4:00pm, July 2 – Dec 17

Where: CoLab Workspace, 17 E Pennington

#### **Pumpkin Toss**

What: Learn physics using a trebuchet, catapult or onager for the Pumpkin Toss Competition at the UA Mall before Halloween. Price: \$50.

When: Sundays 4:00-6:00pm, August 6 - Oct 15

Where: Xerocraft Hackerspace, 101 W 6th St

#### **Student Volunteer**

Complete a special project, internship, or unique function. May specialize in a specific role such as social media, graphic design, event coordination, STEM outreach, KMKR Maker Radio, etc.

#### **How do I join?**

##### **1) Fill out the Student Interest Form**

by Saturday May13th

<https://goo.gl/forms/PaEnaGaVuIAHQeIA2>

##### **2) Show up to the first meeting**

##### **3) Pay or request a scholarship from City High**

*The team also seeks more mentors to teach engineering concepts to the students and adult volunteers to help the team succeed. Parents very welcome! If you can volunteer your time please let us know: Mentor Interest Form <https://goo.gl/forms/Zly9Z6waGUajzgyi1>*

**I WANT YOU**
